PORTFOLIO

https://jackcollado.github.io/Louise_Collado-Portfolio/#experience

PROFILE

Motivated IT professional with hands-on experience in mobile and web application testing. Skilled in manual testing, test case execution, defect tracking, and ensuring UI/UX quality. Knowledgeable in Web automation testing using Java, Selenium, TestNG, Python, and Pytest, with experience developing automated test scripts. Adaptable in Agile environments and committed to delivering high-quality results. Currently seeking a part time opportunity to further enhance skills while contributing to team success.

WORK EXPERIENCE

GCR Consortium — **October 2025 - Present**

IT Technician Support

- Provided technical support for hardware, software, and network issues, ensuring minimal downtime for end users. Installed and troubleshot devices such as PCs, printers, and biometric systems while managing user accounts and access through Microsoft and local servers.

UpUp Technologies, Inc. — **January 2025 - June 2025**

Quality Assurance Tester (Internship)

- Developed and executed comprehensive test cases to validate software functionality, ensuring alignment with user requirements and specifications.
- Conducted thorough manual testing, including functional, regression, end-to-end, and exploratory testing, to identify bugs, verify fixes, and maintain high standards of quality and reliability across application updates.
- Utilized Selenium WebDriver for basic automation testing, streamlining repetitive tasks and regression scenarios to enhance testing efficiency and coverage.
- Collaborated closely with developers and QA teams, contributing detailed test plans, clear and actionable bug reports, and effective issue tracking using tools like Google Sheets, Slack, and JIRA.
- Actively engaged in daily stand-ups and sprint reviews, gaining hands-on experience with Agile workflows and cross-functional collaboration.

Freelance — **March 2023 - January 2026**

Manual QA Tester

- Performed functionality, integration, and unit testing for mobile and web applications.
- Conducted performance testing of web applications using Google Lighthouse to identify speed and optimization issues.
- Executed cross-platform testing to validate usability and responsiveness across devices.
- Collaborated with clients to document defects, provide test reports, and suggest improvements.

EDUCATION

National University - Dasmarinas — 2021 - 2025

Bachelor of Science in Information Technology
with Specialization in Mobile and Web Application

Philippine Christian University - Dasmarinas — 2019 - 2021

Secondary Education
Humanities and Social Sciences (HUMSS)
